

## **User Manual for the Toylie Realistic Penis Sleeve FTM STP Packer with Scrotum**

Congratulations on your purchase of the Toylie realistic penis sleeve FTM STP packer with scrotum. This product is designed to provide you with an authentic look and feel while functioning as an STP (Stand-to-Pee) device and packer. Please read this manual carefully to use the product safely and correctly.

### **1. Scope of Delivery**

- 1x Toylie Penis Sleeve FTM STP Packer with Scrotum

### **2. Getting Started**

1. Clean the product before first use with warm water and a mild, skin-friendly soap or a specialized toy cleaner. Rinse thoroughly and allow it to dry completely.
2. Check the product for damage such as cracks or holes. Do not use if there are visible damages and contact the manufacturer.

### **3. Using as a Packer**

1. **Placement:** Position the penis sleeve in your underwear or a specially designed harness, ensuring it sits securely and comfortably.
2. **Adjustment:** Ensure the penis sleeve is positioned correctly and looks realistic. The scrotum should sit snugly against your body.

### **4. Using as an STP (Stand-to-Pee) Device**

1. **Positioning:** Position the penis sleeve correctly: Place the tip of the STP packer at the appropriate position to ensure urine can flow through the channel.
2. **Aiming and Emptying:** Hold the penis sleeve at a slight angle to minimize the risk of leaks. Empty your bladder slowly to avoid overflow.

### **5. Cleaning and Maintenance**

1. Clean the product thoroughly after each use with warm water and soap. Ensure that the STP channel is also cleaned to remove any residues.
2. **Drying:** Allow the product to air dry before storing.
3. **Storage:** Store the product in a cool, dry place, away from direct sunlight and heat sources.
