

User Manual for Vibrator & Pressure Wave Vibrator

1. Intended Use

Vibrators and pressure wave vibrators are designed for sexual stimulation and relaxation.

- **Vibrator:** operates using mechanical vibrations.
- **Pressure wave vibrator:** uses pulsating air pressure waves for indirect stimulation (e.g., clitoral stimulation).

For private use only.

2. Before First Use

- Fully charge the device (for rechargeable models)
 - Clean with warm water and a mild, unscented cleanser
 - Review manufacturer instructions if available
 - Check for any visible damage
-

3. How to Use

Vibrator

1. Turn on using the power button
2. Select desired intensity level
3. Gently apply to sensitive areas
4. Use water-based lubricant if needed

Pressure Wave Vibrator

1. Gently place the stimulation head on the desired area (do not press firmly)
 2. Start at a low intensity
 3. Gradually increase intensity
 4. Adjust position slightly for optimal effect
-

4. Safe Use

- Do not use on the same area for more than 15–20 minutes continuously
- Stop immediately if you feel pain or discomfort
- Use externally only unless explicitly designed otherwise
- Do not use on irritated or injured skin
- Do not use while charging (unless explicitly stated as safe)
- Keep away from water unless the device is waterproof

5. Hygiene & Cleaning

- Clean before and after each use
- Use warm water and mild soap or a dedicated toy cleaner
- Allow to dry completely
- For shared use or added safety: use a condom

6. Warnings

- Not suitable for children
- Keep out of reach of children
- Do not use if you have infections in the intimate area
- Do not share without proper hygiene protection
- Be cautious with silicone-based lubricants (check material compatibility)
- Do not use if the device is damaged

7. Storage

- Store in a clean, dry place
- Use a storage pouch or case if possible
- Avoid contact with other materials (especially silicone products)

8. Disposal

- Do not dispose of electronic devices in household waste
- Take to appropriate electronic waste collection points
- Dispose of batteries separately according to local regulations
- Follow local disposal guidelines

9. Safety Information

- Use only with appropriate charging equipment
- Do not attempt to open or repair the device yourself
- Keep away from heat and direct sunlight
- Switch off immediately if overheating or unusual noise occurs
